

WRIST-SIZING INSTRUCTIONS FOR STAINLESS STEEL BRACELETS

STEP 1

Print this file and cut out the ruler (on the left).

STEP 2

Place the watch dial on top of your wrist and wrap the ruler around your wrist.

STEP 3

Once the ruler is fully wrapped around your wrist, write down the size that is aligned with the red dotted line. Use this number to select the closest option from the "Wrist size" menu.

STEP 4

After receiving your watch, finely adjust the length of the strap by moving the pin through the clasp's holes.
